

AI Workflow Audit (FL-01)

Name: Kannez Fatema

Track: General AI Fluency

Workflow Audit

Task	Classification	Rationale
Complete FlyRank internship assignments	Collaborate with AI	Use AI for guidance and review; I verify the final work.
Learn Frontend Development	Collaborate with AI	AI explains concepts while I practice.
Practice coding and build small projects	Collaborate with AI	AI assists with debugging; I write and test code.
Use Git and GitHub	Delegate to AI (with review)	AI suggests commands; I review before pushing.
Study Anthropic Academy	Just Me	Understanding the course is my responsibility.
Use ChatGPT, Claude and Cursor	Collaborate with AI	Learning improves through discussion.
Write README and documentation	Delegate to AI (with review)	AI drafts; I edit and verify.
Plan my daily study schedule	Delegate to AI (with review)	AI helps organize my time.
Practice technical English	Collaborate with AI	AI provides explanations and corrections.
Review AI-generated answers	Just Me	Final judgment must be mine.
Household and family responsibilities	Just Me	These require my personal responsibility.

Three Target Tasks

Complete FlyRank Internship Assignments

- All requirements completed
- Submitted before deadline
- AI output reviewed

Learn Frontend Development

- Complete lesson
- Practice with code
- Build a mini exercise

Practice Coding and Build Small Projects

- Clean code
- Test project

- Push to GitHub with Conventional Commits
